

# ENGAGEMENT

Ready to take the next step of your work journey? Earn money at a remote job or build your technology skills.

## VIRTUAL WORK EXPERIENCE: VIRTUAL, VIA ZOOM

Participants are paid to work on meaningful marketing or computer science projects such as event marketing, BEP employee profiles, and workplace training tools. Projects include peer collaboration, direction from supervisors, meetings, and independent tasks. Fall, spring, and summer sessions. Services in:

- Work-based learning
- Workplace readiness training
- Instruction in self-advocacy
- Career exploration

## AT ON DEMAND: VIRTUAL, VIA ZOOM

1:1 virtual assistive technology training with a Certified Assistive Technology Instructional Specialist (CATIS) to build academic and workforce technology skills. Participants can join with goals in mind or work with LEAP to identify critical areas for skill growth. Year-round. Services in:

- Workplace readiness training
- Instruction in self-advocacy
- Counseling on post-secondary education
